## International Conference at Shree Damodar College

■ NT KURIOCIITY

Department of commerce and management of VVM's Shree Damodar College of Commerce and Economics, Margao organised an international conference on management, commerce, law, banking, social sciences and environment in association with Indo Global of Chamber of Commerce, Industries and Agriculture.

The conference was inaugurated at the hands of Consul of Russia in Goa, Victor Albuquerque. Guest of honour was professor at Goa University, International Relations, Centre for Latin American Studies, Dattesh Prabhu Parulekar.

The conference began with an invocation song and a traditional dance by students followed by a two-minute silence as a mark of respect on the passing away of former prime minister, Atal Bihari Vajpayee.

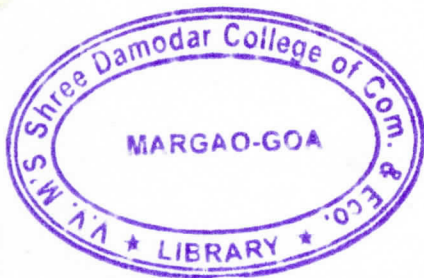

Parulekar dwelled on the fact that a multi-disciplinary approach to research would bring about incremental innovations as opposed to disruptive innova-

tions brought about by technology and over-specialisation.

Albuquerque traced the advent of Goan tourism to the arrival of hippies during the 1960's and their fascination with Goa's beaches. He advised the audience to build connections through interactions for mutual benefits by exchange of ideas.

The conference attracted over 270 delegates from all over India and abroad. The research papers presented at the conference were published in a Peer Reviewed and UGC listed journal AJANTA in 12 parts containing 258 research papers contributed by 360 authors. The journal was released at the inaugural function of the conference.

There was an undeniable power and more than a hint of swagger when Goa University took the field for the All India Inter-University Football Championship in 1988. At the Rajendra Prasad Stadium in Margao, the hosts personified both those characteristics in their opening game as Patna University was crushed 4-0 with star striker Roy Barreto in fine form.

If there were any doubts about their ability to go all the way, it was only in the West Zone Championship, a qualifier for the main event. Jabalpur University had proved to be a hard nut to crack in the opener as the teams shared the spoils in a 1-1 draw. Jiwaji University, too, were difficult opponents as Goa scraped through for a solitary goal win. But once the hosts got the better of Bombay University 2-0 and qualified, there was no looking back.

This was only the third time that Goa University had fielded an independent team. All along, Goan students had been part of the Bombay University, and even after being delinked in 1985, confidence seemed to be in short supply.

"We didn't do well previously, and I remember the previous year we failed to move past the west zone. There were doubts, honestly," said captain and goalkeeper

Oswald D'Costa.

The 1988 edition was different though. Played in Goa for the first time, there was all-too-obvious pressure on the hosts to go all the way. The preparations, chalked out by coach MM Muttawali

Salgaocar Sports Club officials were knocking on their doors with professional contracts.

"This was not just about individual performances. We were a very strong unit and rarely looked troubled," said

excellent facilities," said the captain.

On the field, the competition remained fierce. After a comfortable opening day win over Patna (4-0) at Guru Nanak University (1-0) and Mahatma Gandhi

University (1-0) stretched Goa to the limit. The semifinal was another tough battle against Burdwan University. Goa eventually won 3-0 but had it not been for a Burdwan player who was sent off for a nasty foul - when the teams were tied - the match could have gone either way.

Goa were overwhelming favourites in the final, even though they were up against Punjab

University, with Nigerian Bernard Operanozie in their ranks. Goa had a foreign player of their own - Belmiro Andre from Angola, a first-year student of Chowgule College in Margao - but it was captain Oswald who became the hero cynosure of all eyes after stopping two penalties in the tiebreaker. Custodio, Belmiro, Luis and Judas all converted their attempts in the tiebreaker after the teams were locked goalless in regulation time.

No sooner Oswald stopped Amolak Singh's penalty for a 4-2 triumph, the crowd ran on to the Bandothkar ground at Campal, celebrating the Goa University's first national triumph. Even 30 years later, the celebrations continue as the team gets together next week for a reunion. Surely, they'll make it memorable, just like their triumph in 1988.

**WINNERS TAKE IT ALL:** Goa University players cannot hide their joy as they receive the winners' trophy at the hands of the then chief minister, Pratapsingh Rane

and manager Sudhakar Naik, were thorough, camping together for long spells at Sanguem and Cortalim.

"The days together made us stronger. We were like a family, and it helped that we had a squad teeming with quality players. Once we went through the (zonal) qualifiers, we never looked back," said Jude Fernandes.

Jude and Roy Barreto were the leading stars in the squad. Already donning colours for Vasco Sports Club, Jude gave a good account of himself all through, while Roy, then with Salcate FC, grabbed wide attention with his ability to pluck goals from nowhere. By the end of the tournament,

Lino Pereira, another player who shone through just like Custodio Rodrigues, Nazareth Coutinho, Judas Fernandes, Camilo Britto, Luis Gomes and Edwin Braganza, to name a few. Goalkeeper Oswald led by example, conceding just one goal in the entire tournament, which included three matches in the qualifiers. That momentary lapse in concentration haunts him even 30 years later.

"The support that we had was unbelievable. I remember Brahmanand Shankwalkar prepping us all along. He was always there to boost us. Then, the sports director Susan de Sousa left nothing to chance and provided us with

# Christ University, Bengaluru wins Niti Samvaad 2.0

## ■ NT KURIOCIY

“India’s economic reforms have provided a good opportunity for venturing into new ideas and experimenting with business and entrepreneurship,” said financial consultant and entrepreneur Dhruv Rajani who was the chief guest at the inaugural session of ‘Niti Samvaad 2.0’ the National Undergraduate Student Colloquium and Competition organised by VVM’s Shree Damodar College of Commerce and Economics, Margao.

In his inaugural address, Rajani presented a brief history of the recent changes in the Indian economy related to trade, balance of payments, demonetisation, GST, inflation, GDP, petrol prices, foreign policy and their implications. He also emphasised the need for entrepreneurship amongst the youth in order to promote self-employment.

Convenor of Niti-Samvaad, Manoj Kamat familiarised the audiences with the theme of the colloquium.

Participating colleges had to select any one of the following topics: ‘Issues Plaguing the Indian Banking Sector’ and ‘Has the Start-Up Revolution Really Started?’ The Colloquium and Competition was conducted in three rounds. The first round was the pre-qualification off-line round, where a panel of judges independently evaluated the submissions and five teams qualified for the finals.

The qualifying teams were Christ University, Bangalore; RA Podar College, Mumbai; St Xavier’s College, Mapusa; Carmel College, Nuvem and Chowgule College, Margao.

Round 2 was the technical round, wherein the qualifying teams made a formal technical presentation and answered questions from the judges and the audience at large.

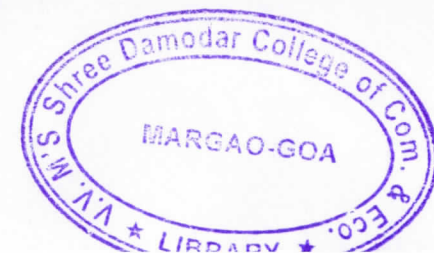

Round 3 was a seven-minute non-technical presentation. The selected teams made a presentation aimed at the layman. Niti Samvaad 2.0 introduced a new session – a Panel discussion of the guiding teachers along with industry representatives.

Christ University, Bengaluru were declared winners, St Xavier’s College, Mapusa and R A Podar College, Matunga, Mumbai won second and third place respectively.

Winners of the individual category were: Lynessa Linson, St Xavier’s College, Mapusa (Best Speak-

er-Technical Round); Deeya Chabra, R A Podar College, Mumbai (Best Speaker- Non-Technical Round); R A Podar College, Mumbai (Best Research Paper); Girish S, Christ University, Bengaluru (Best Guiding Teacher); Christ University, Bengaluru (Best Q&A session) and Christ University, Bengaluru (Most Innovative Policy Prescription).

President of Goa Small Industries Association, Rajkumar Kamat presided over the prize distribution and valedictory function. In his speech Kamat stressed upon the importance of passion and advised students to be passionate about whatever they decide to take up as a career. Kamat recounted some of his firsthand experiences in mentoring entrepreneurship in Goa.

**WELL DESERVED:** All awardees along with the dignitaries, at Geno Sports Awards 2017-18 presentation ceremony in a city hotel, Panjim on Tuesday

**Team Herald**

sports@herald-goa.com

**PANJIM:** The Geno Sports Awards 2017-18 were presented to the top individuals and teams, with Power Minister Nilesh Cabral expressing the need for the government to come up with total support for talented Goans to develop into high-class sportspersons.

**GENO AWARDS**

The programme is an annual event organised by Sports Journalists Association of Goa (SJAG) with patronage from Geno Pharmaceuticals Limited.

Dayne Coelho, the winner of the 'Best Sportsman', has undoubtedly been the new icon in windsurfing for Goa

and also Samira Abraham, the Triathlon champion being named the 'Best Sportswoman'. The association official Nisha Madgaonkar received the award on behalf of Samira, who is based in Bengaluru.

'Best Coach' Kashinath Nayak has masterminded an excellent growth of sqay martial art team, which bagged the 'Best State Team' prize. Having Goan roots, Tanisha Crasto is very much from the State but being based in Dubai, this shining badminton star is shuttling to all parts of the country for National championships. The Best Emerging Talent of the Year, Tanisha is currently playing in the tournament in Lucknow and her award was collected by her

father Clifford. Government College Quepem and Damodar College Margao topped girls and boys Goa University championships, and bagged 'Best College' awards.

Chief guest Nilesh Cabral, who is also a president of the State Chess and Sqay Associations, praised the award winners for their efforts. Chairman and Managing Director of Geno Pharmaceuticals, Dilip Salgaocar congratulated the awardees and urged them to continue working hard for higher glory.

Cabral motivated the youngsters to put in more focus on the task.

"Goa's future is safe in your hands. It is more important to put high quality indi-

vidual efforts and parental support is a must. PE teachers and coaches have to provide full backing to the students. On our part, the government has to support the youngsters financially once the child reaches a certain level. Then, there should be no worry for the player about participation. They need to focus only on winning laurels for the country and State," said Cabral.

"While the government has built modern infrastructure in the State, proper follow-up has been lacking. As far as government (responsibility is concerned), we need to focus on policies to help youngsters reach high level goal. We need fresh ideas (collectively) and not just through Sports Minister

or Director of Sports and Youth Affairs or Sports Authority of Goa. We need to have proper follow-up of infrastructure (whether it is put to use in an optimum manner)," stressed Cabral, who also promised to request Chief Minister Manohar Parrikar to help in including Goa's medal-machine in recent times, 'sqay', in National Games list of disciplines.

Geno Chairman, Dilip Salgaocar since last many years, has been advocating a government policy to financially support sportspersons. And he is still not happy that it has not been forthcoming. Salgaocar urged the government to bring in the necessary backing.

Best photo-journalist

award was bagged by Arvind Tengse while Alfred Fernandes (HCN) was presented the newly-instituted best video-journalist award.

For the second year running, the best school and best HSS award could not be presented as the Directorate of Sports and Youth Affairs failed to compile the chart according to the teams' performance in DSYA sports events.

Geno Executive Director, Dr Sagar Salgaocar was also present on the dais. SJAG president Niraj Prabhu welcomed the gathering while Secretary Mahesh Gaonkar proposed the vote of thanks.

Senior members of SJAG, Jovito Lopes (chief advisor) and Manguesh Borkar (treasurer) compered the glittering show.

**Panaji:** The Geno Sports Awards 2017-18 were presented to the top individuals and teams, with Power Minister Nilesh Cabral expressing the need for the government to come up with total support for talented Goans to develop into high-class sportspersons.

The prestigious and the only programme for recognition of sportspersons and teams across all sports disciplines in the state, is an annual event organised by Sports Journalists Association of Goa (SJAG) with patronage from Geno Pharmaceuticals Limited.

Representing India at the Asian Games, Dayne Coelho has undoubtedly been the new icon in windsurfing for Goa. He was deservedly the Best Sportsman of the year.

The trend of fresh names coming into spotlight, is evident as Goa has new heroes to look up to with relatively unknown Triathlon champion Samira Abraham being named the 'best sportswoman'. The association official Nisha Madgaonkar received the award on behalf of Samira, who is based in Bengaluru.

With 'best coach' in their association, Kashinath Nayak has masterminded an excellent growth of sqay martial art team, which bagged the 'best state team' prize.

Having Goan roots, Tanisha Crasto

is based in Dubai. This prodigious badminton talent is shuttling from Dubai to all parts of the country for national championships.

He also promised to request the government to request Minister Manohar Parrikar to include Goa's medal-making in National Championships.

Geno Chairman, Dilip Salgaocar, said since last many years, highlighting a government policy to support sportspersons is still not happy that it is forthcoming. Salgaocar urged the government to bring in the backing.

"I hope the government to give the backing as youngsters have ventured into new-age sports. They need a lot of support. We should motivate the youngsters courageously admire the efforts of the players. Those who did not get the award last year, should put in more con-

pushed ahead with an amount of its infrastructure that includes \$6.8 billion stadiums and sporting facilities which will be either built or re-purposed after the event to promote sports in developing countries.

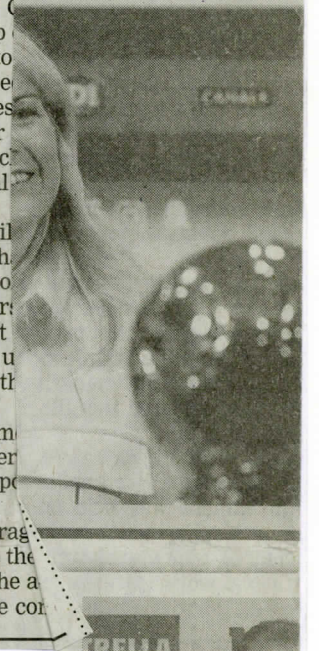

Last week, Qatar unveiled its final and largest Lusail Stadium, an 80,000-seater stadium, which is expected to host the opening and closing matches of the tournament at the centrepiece of a city developed north of Doha.

FIFA last year voted to increase the tournament to 48 teams in 2026 but, since then, it has been mulling the possibility of changing the format that would likely require matches outside of Qatar.

"Who actually is responsible for the years to go?" Khater said, questioning the countries that could help in the tournament.

"You have to see FIFA's stadiums, FIFA competition sites, the correct infrastructure are things that have to be done first," he said.

# Students of Damodar College enlightened on Union Budget

The Budget talk in progress

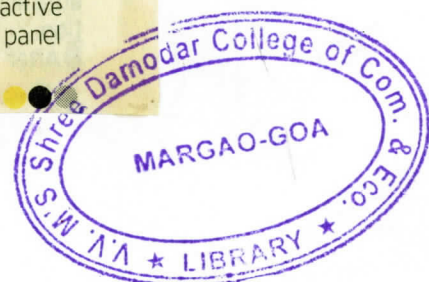

## ■ TEAM B&C | NT

The Department of Economics & Banking, VVM's Shree Damodar College of Commerce & Economics organised a panel discussion on the Union Budget.

Kumar Pillai, CEO, Oriyon Molding and former chairman of Goa Management Association, Praveen Kakode, managing partner, UPGRADE, Atindra Bhatikar, chartered accountant and Dr. Celso Fernandes, financial consultant were the panel members. The discussion was moderated by Dr BP Sarath Chandran, associate professor of economics.

Participants spoke on the Budget proposals on income tax, infrastructure, social security to the informal sector and income transfer

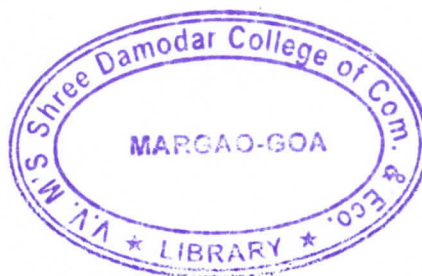

to farmers. Pillai opined that the budget is popular in its outlook intended to deliver sops to a large number of people before the election. He commented that industry received limited attention in the budget and the notable measures are sourcing and interest subversion to MSMEs and indirect demand stimulation through consumption and infrastructural spending. The moderator elicited the opinion of the panellists on issues like switching over to the income transfer scheme from subsidy-driven system, the incentives on the revival of the real estate sector, the populist versus reformist agenda in the budget etc. The panel discussion concluded with an interactive session of students with the panel members.
