Sub: Generation of ABHA ID under Ayushman Bharat Digital Mission (ABDM)

Sir/Madam,

The Ayushman Bharat Digital Mission (ABDM) aims to develop the backbone necessary to support the integrated digital health infrastructure of the country. It is endeavouring at digitization of health records of individuals and creating a national repository of hospitals and doctors. Since its successful implementation, we have created **3, 42,144** Ayushman Bharat Health Accounts (ABHA) in the state of Goa. Moving further we plan on

covering the entire population of Goa by December 2022. This is possible and can only be achieved by active participation and concrete efforts by all.

In view of above we urge you to sensitize and motivate your staff and students to register and create their Ayushman Bharat Health Account (ABHA) which is a 14 digit number that has the following benefits:
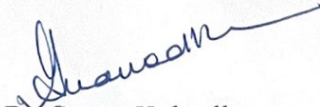

- Unique identification as a participant in India's digital healthcare ecosystem.

- Secure storage and access to own medical records and sharing with health care providers to ensure appropriate treatment and follow-up

- Access to accurate information on health facilities, labs and Doctors

- Tele-consultation and e-pharmacy

- All healthcare benefits can be linked to your unique ABHA number

- Long queues for registration in healthcare facilities across India can be avoided.

The process of creating the ABHA ID is attached herewith for your reference.

For any clarification/ assistance kindly contact: Mr. Pawankumar Raikar (Mobile No. - 9764632886) and Dr. Yogesh D Potdar (Mobile No. - 9422453575).
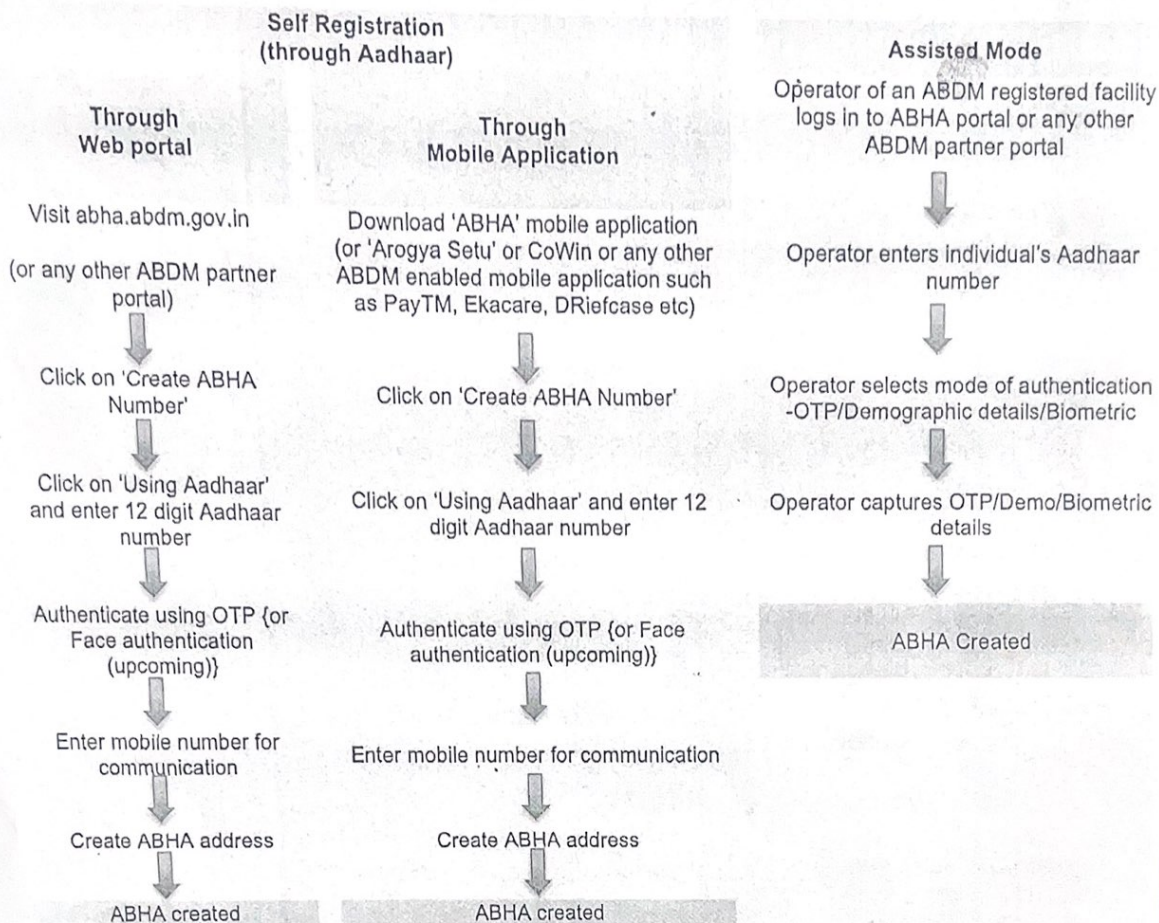

Looking forward to your support and co-operation.

Thanks and Regards,

Dr.Geeta Kakodkar
(Director of Health Services)

Annexure

Any citizen can create **ABHA (Ayushmaan Bharat Health Account) Number** through self registration or through assisted mode.

Self Registration (through Aadhaar)

Through Web portal

Visit abha.abdm.gov.in

(or any other ABDM partner portal)

⬇

Click on 'Create ABHA Number'

⬇

Click on 'Using Aadhaar' and enter 12 digit Aadhaar number

⬇

Authenticate using OTP {or Face authentication (upcoming)}

⬇

Enter mobile number for communication

⬇

Create ABHA address

⬇

ABHA created

Through Mobile Application

Download 'ABHA' mobile application (or 'Arogya Setu' or CoWin or any other ABDM enabled mobile application such as PayTM, Ekacare, DRiefcase etc)

⬇

Click on 'Create ABHA Number'

⬇

Click on 'Using Aadhaar' and enter 12 digit Aadhaar number

⬇

Authenticate using OTP {or Face authentication (upcoming)}

⬇

Enter mobile number for communication

⬇

Create ABHA address

⬇

ABHA created

Assisted Mode

Operator of an ABDM registered facility logs in to ABHA portal or any other ABDM partner portal

⬇

Operator enters individual's Aadhaar number

⬇

Operator selects mode of authentication -OTP/Demographic details/Biometric

⬇

Operator captures OTP/Demo/Biometric details

⬇

ABHA Created

Individuals can also create ABHA of their family members by any of the ways as mentioned above.

ABHA can also be created through various ABDM enabled partner platforms and mobile application such as **Arogya Setu, Digilocker, Driefcase, Eka Care, Paytm, Drucare.**

The complete list of ABDM partners can be seen at the official website of Ayushman Bharat Digital Mission (abdm.gov.in)

Additionally, citizens receiving benefits from central and state government health programmes can create ABHAs through their respective programme officers. These programmes include but are not limited to -

- NCD (Non-Communicable Diseases)
- RCH (Reproductive and Child Health)
- National Viral Hepatitis Control Program (NVHCP)
- National Health Mission, all states
- Any other state health programme or application (TECHO+ in Gujarat, eKavach in Uttar Pradesh)

ABHA can also be created through Driving license on abha.abdm.gov.in.
